

# ART FORCE CALL FOR ART: POSTER PRINTS

Art Force is seeking submissions of artwork images to be printed and sold as poster reproductions. Posters are a low-cost art alternative and are widely used in office work areas, cafeterias, fitness areas, exam rooms, and sometimes every available space!

We are looking for artwork that is suitable for corporate and office spaces, healthcare environments, educational institutions, and public venues. Landscapes and abstracts are the most popular subject matter choices in these spaces. As a greater percentage of our projects are in the central part of the United States, landscapes from this region are used most often but we do place work in all regions of the country. Artwork with religious, political, or sexual content is typically not appropriate for these projects. Historically, poster images were for the most part available from national sources. Our goal is to "keep it local" wherever possible.

Art Force has printing capabilities on site so we are looking for images that may be provided in high res files. We will do the printing, framing, shipping/install, etc. For the sake of review, low res files are sufficient and preferred.

Artists who are selected will be compensated a usage fee per print sold. As these are lower cost items, the goal is selling higher volumes of pieces. The vast majority of our clients are billed with payment terms. Once we are paid, our accounts payable department cuts checks twice/month.
