

ART FORCE CALL FOR ART: SUBSCRIPTION PROGRAM

Art Force requests original artwork submissions for our SmartArt Subscription Program.

We are looking for two-dimensional artwork to be placed in our subscription clients' offices and other public settings where artwork is displayed. The artwork can be rotated after a period of time, but some clients elect to keep the art until they have purchased the work through the monthly subscription payments. Because these are on public display nudity, religious and political content, and the inclusion of expletives are not appropriate.

SUBMISSION DETAILS

This program requires that the submitting artist agree to commit artwork to the program for a minimum of twelve months. The artwork can then be selected by a client for display as part of an art subscription program. The proceeds of the monthly subscription fee are divided evenly between the artist and Art Force. Monthly subscription fees go towards the overall purchase of the artwork; the artwork is also available for sale to Art Force clients during the "loan" period.

Please submit the following to Mary Skaden (mskaden@artforce.org) via wettransfer.com (it is free!) Please be sure to note that it is for the Subscription Call:
